FOURTH MULTIDISCIPLINARY MASTERS' SYMPOSIUM  
ON FUNCTIONAL & AESTHETIC RHINOPLASTY

# PROVISIONAL PROGRAM

DISSECTION WORKSHOP | SYDNEY HOSPITAL, SYDNEY

MASTERS' SYMPOSIUM | AUSTRALIAN NATIONAL MARITIME MUSEUM, DARLING HARBOUR, SYDNEY

## THURSDAY 6 SEPTEMBER

<b>1200-1300</b>	<b>Registration and light lunch</b>	
<b>1300-1500</b>	<b>CENTRAL COMPARTMENT PART 1 - THE SEPTUM</b>	
1300-1325	EAST	The septum in septorhinoplasty
1330-1340	MARCELLS	Straightening the septum
1345-1410	DAVIS	The septal extension graft part one - setting tip position with millimetric precision
1415-1430	JIN	Twisted nose
1435-1455	DAVIS	The septal extension graft part two - controlling the tip silhouette
1455-		Discussion
1500-1530		Break
<b>1530-1730</b>	<b>CENTRAL COMPARTMENT PART 2 - THE VAULT</b>	
1530-1600	GERBAULT	Reassessment of the bony vault and keystone areas - its surgical impact
1605-1625	KOVACEVIC	Spreader grafts or spreader flaps - or something else?
1630-1645	EAST	Experience with dorsal preservation in rhinoplasty (push down or let down)
1650-1720	DAVIS	Step one in reduction rhinoplasty - the tongue-in-groove setback drop down, controlling alar base profile aesthetics
1725-1730	GOKSEL	The role of DCF
1730-		Discussion

## FRIDAY 7 SEPTEMBER

<b>0730-0800</b>	<b>Registration</b>	
<b>0800-930</b>	<b>LATERAL COMPARTMENT - UPPER LATERALS AND ALAR CARTILAGES</b>	
0800-0810	GOKSEL	Oblique turn over (repositioning and flattening of the lateral crura)
0810-0825	KOVACEVIC	Alar transposition with caudal turn in
0830-0925	DAVIS	Lateral crural tensioning - tip refinement with repositioning and reengineering, not resection, cephalic fold under flap
0925-		Discussion
0930-1000		Break
<b>1000-1230</b>	<b>FORM, FUNCTION, LONGEVITY</b>	
1000-1130	TORIUMI	Lessons learned in thirty years of structure rhinoplasty
1135-1200	HARVEY	Breathing
1205-1225	EAST	Understanding the nasal valve and applying the correct procedure
1225-		Discussion
1230-1330		Lunch
<b>1330-1530</b>	<b>AESTHETIC ASPECTS</b>	
1330-1340	KOVACEVIC	Tip shape and cranial tip suture
1345-1400	EAST	The steps to create an aesthetic tip
1405-1415	GOKSEL	How to get better light on the tip
1420-1430	JIN	The use of mastoid periosteum in primary and secondary rhinoplasty
1435-1445	GOKSEL	Paste cartilage and a-FRF for fine tuning
1450-1500	KOVACEVIC	PRF cartilage grafts - new option in rhinoplasty
1505-1510	GOKSEL	Dealing with LLSAN
1515-1525	GERBAULT	The pyriform ligaments: their use in aesthetic and functional rhinoplasty
1525-		Discussion
1530-1600	BREAK	Break
<b>1600-1730</b>	<b>TOOLS AND TECHNIQUES</b>	
1600-1630	GERBAULT	Ultrasonic rhinoplasty: the tribute of piezosurgery to rhinoplasty
1635-1650	KOVACEVIC	Full open approach - a new window
1655-1705	DAVIS	Power driven hump reduction
1710-1725	GOKSEL	Open piezo preservation rhinoplasty
1725-		Discussion
1830-2030		Cocktail party

## SATURDAY 8 SEPTEMBER

<b>0730-0800</b>	<b>Registration</b>	
<b>0800-1000</b>	<b>FROM TWISTED AND BLOCKED TO STRAIGHT AND BREATHING</b>	
0800-0830	TORIUMI	Management of the post traumatic nasal deformity
0830-0915	TORIUMI	Complex nasal deformities
0915-0930	PANEL	Setting relationships, septum vs lateral wall vs turbinates
0930-0955	TORIUMI	Ten tips to improve your rhinoplasty outcomes
1000-1030		Break
<b>1030-1230</b>	<b>RIB GRAFTING</b>	
1030-1115	TORIUMI	Nuances in costal cartilage grafting
1120-1155	HOLMES	Costal grafting
1200-1205	GOKSEL	Endoscopic rib harvesting
1210-1225	JIN	Augmentation rhinoplasty using rib cartilage
1225-		Discussion
1230-1330		Lunch
<b>1330-1530</b>	<b>ERRORS AND SECONDARY RHINOPLASTY</b>	
1330-1350	EAST	Complication and revision rhinoplasty - error patterns
1355-1415	JIN	Revision rhinoplasty - pushing the limits
1420-1435	DAVIS	Treatment of post surgical alar retraction with articulated alar rim grafts
1440-1455	GOKSEL	Crooked nose tricks
1500-1515	JIN	Restoring the functionally devastated nose after rhinoplasty
1520-1530	PANEL	Discussion of error prevention - preventing the operated look
1530-1600		Break
<b>1600-1730</b>	<b>ALL QUESTIONS ANSWERED</b>	
1600-1620	KOVACEVIC	Psychology of difficult patients
1625-1640	PANEL	Changing dogmas - my most important message
1645-1700	PANEL	Alar retraction, inverted V, under and over projection, setting dorsal height, under and over rotation
1700-1730	PANEL	Disasters, skin, infection, toxic shock, intractable rhinorrhoea
1900-2230		Symposium Dinner
